
TALKEETNA

Walking Tour Map

Some buildings are private residences; we ask that you respect their privacy.

S **Leaving Talkeetna Alaskan Lodge:** Shuttle picks up from the lodge every hour and half hour between 9:00 am and 8:00 pm, last pick-up at 7:30 pm.
Returning to Talkeetna Alaskan Lodge: Shuttle picks up from Mahay's Riverboat Service every quarter hour, with the last pick-up at 8:00 pm.

1 **Three German Bachelors' Cabin (Visitor Center / Gift Shop)** Built in the 1930s by Frank Moennikes, Tony Meise and Henry Meise, miners in the Cache Creek area.

2 **Nagley's Store (General Store / West Rib Pub)** Built near the river in the early 1920s as a General Store for trappers and miners. Moved in 1950 up Main Street on log rollers to present location.

3 **Fairview Inn** Home of Talkeetna's first bathtub, this roadhouse was built in 1922. A welcome stop for visitors ever since!

4 **Black John's Cabin** John Zulich, a miner and trapper, built this cabin in 1934 and was well-known for his large vegetable garden.

5 **Ole Dahl Cabin #2 (Private Residence)** A miner and barber known for his 50 cent haircuts, Ole Dahl lived here with his wife Annie and their 5 children.

6 **Trepte House (Private Residence)** When the original log cabin burned, Mike Trepte built this house in 1936. He staked and worked claims on Dutch Creek.

7 **Sheldon Community Art Hanger** The venue for programs of the Denali Arts Council, who refurbished pilot Don Sheldon's airplane hanger in 1990.

8 **The Roadhouse (Frank Lee Cabin and Bard)** A roadhouse since 1944, this house and barn were built in 1917 by Frank Lee, a freighter in the Cache Creek area.

9 **Tom Weatherell House** The Hudson Bay style hand-hewn log home was built for Tom Weatherell in 1940 by Helmer Ronning using wooden pegs.

10 **Dave Lawrence Outbuilding (Private Residence)** Built by commercial freighter Dave Lawrence in the 1920s to function as (left to right) workshop, barn, and blacksmith shop.

11 **Ole Dahl Cabin #1 (Historical Museum Display)** The oldest existing structure in Talkeetna, this log cabin was built by miner Ole Dahl in 1916 as his Talkeetna base.

12 **Schoolhouse (Talkeetna Historical Society Museum)** This one-room schoolhouse was built in 1936. In use until 1971, it became the Historical Museum in 1974.

13 **Railroad Section House (Mountaineering Exhibit)** Originally located by the railroad and used by railroad crews, it now houses the Museum's Denali scale model.

14 **Transportation Exhibit** The Transportation Exhibit (Historic Railroad Depot), moved here in 1990, contains a ticket office and transportation display.

15 **Talkeetna Village Airstrip** Created by executive order of President Roosevelt in 1938. Still in use today by local pilots, especially in spring for airplanes with skis.
